

Call for Submissions

A public art market comprised of works of outdoor art will be installed at the Tate Pumphouse and Art321 for the month of July.

The Platte River Trails Trust, in partnership with ART 321, is calling for artists to submit works of outdoor art in the medium of the artists choosing. From weaving and welding to ceramics, painting and metalwork, all variations of inspiration are welcome to be submitted for the Art for the Trails program, adding creative, artistic expression to the enjoyment of our community trails. Artists may set a price for their art and sell it, though works are not required to be for sale. Commission Rate: 30% commission is retained by Platte River Trails/ART321 on artwork sold and 70% to the artist.

The submission deadline is Tuesday, June 1, 2021. Artists will be notified by Monday, June 7, 2021. Installation is Tuesday and Wednesday, June 29 and 30.
