

Trails for the Future

Our community's non-motorized trail system creates connections to work, shopping, recreation and to one another. These connections positively impact quality of life, economic development, property values, tourism and our community's health and wellness. The Platte River Trails Trust is a non-profit with a mission to maintain and expand Casper's non-motorized trail system.

You can help us create crucial non-motorized trail connections in our community by supporting one or all of the sponsorship opportunities.

MILE MARKER SPONSORSHIP

Sponsorship of a Mile Marker along the River Trail, or the new Casper Mountain Road Trail, supports our organization's goal to create connections in our community and is also a fantastic marketing tool that gets your company's name in front of thousands of people who walk, run, cycle, and walk their dog or just enjoy nature along our community trails.

Reserve by April 30th
ONE SIDE - \$600
TWO SIDES- \$1,200

SPRING CLEANUP SPONSORSHIP

Join us on Saturday morning, **June 3rd**, for a community trail cleanup. We'll fan out along the community trails to clean up before the active summer season. Participating in our Spring Cleanup with colleagues, friends and family, is a great way to serve your community and our trail network. Sponsorship includes recognition on social media, TV, a hanging banner at the event, in the Annual Report, on the event poster, and website.

Reserve by April 30th
\$1,000

This year marks the 31st year for Riverfest, the signature event for the Platte River Trails Trust, that raises crucial funding for important trail projects. This beloved community event includes a regional beer tasting, food trucks, live music, family friendly activities and shopping booths, plus Casper Rotary's Great Duck Derby. This event is FREE to the public. Your sponsorship is crucial to the success of our biggest fundraiser of the year.
